Dear Friends,

All around are reminders of God's faithfulness. The Lord has generously poured out His love to me in recent months. Thank you so much for your prayers. God is answering them!

Back in November, I was praying about what God would have me do about my burden for Russia and the inner city. I prayed anonymously for the lady who would someday become my wife, not knowing that months later I would ask my best friend, Nikki Paul, to marry me. Although we had dated in the past, I had accepted our parting of ways as God's will. But in the last few months, we have realized what a special relationship God has given us. As we look forward to getting married on September 4, 1993, in New Hampshire, we also remember the Lord's faithfulness and grace.

This incredible faithfulness and grace will sustain us to continue ministering for a year in a Chicago neighborhood. Nikki & I met at Judson Baptist Church where we have been teaching and discipling youth for more than three years. The Lord has also taught us many things through the body of believers at Judson.

The Lord has been answering your prayers. The basketball outreach has grown in both number & spiritual depth. What a joy to also see the guys' discipleship class become a time that young men can grow in maturity in Christ. In the last few months, my love for God's Word has been rekindled. As I graduate in May from MBI, I can praise God for faithfully directing me concerning the future. As He continues to lay Russia on our hearts, Nikki & I can see God's hand leading us. God has providentially provided for all seven of the prayer requests I mentioned in the last letter. I truly am amazed what God has done as we have prayed together.

While God has done abundantly more than I ever thought possible, I know that your faithful prayers have been instrumental in the answers to prayer. Thank you. With an intense summer & the big transition of marriage on the horizon, please continue to pray.

We know that God is also calling us to serve Him overseas & we are planning to go to the Former Soviet Union (FSU). A Ukrainian pastor has seen the need for missionaries coming to the F.S.U. to be better prepared for ministry there. Sergei has developed an intensive program in Odessa, Ukraine to train missionaries for long-term service. I will be going on this program from June 30 to August 27.

During the week, I will be studying the language, the culture, & other church-related topics while learning from university professors and Ukrainian pastors how to best help them reach their country for Christ. On the weekends, I will be in local churches preaching & establishing relationships in the evangelical churches. If any children or young persons (no matter how young you are) would like to draw pictures, write notes, or become pen pals, send them to me and I'd love to pass them on to believers there.

Please pray with me that God will provide the \$2300 cost for the trip. If you would like to help out in this area, checks can be made out to Send International & sent to me. But most importantly, please use the enclosed slip of paper to pray. I know that God will be faithful.

Trusting His Love,

Tim Knoll
